## Meet the international fuel cell community in Stuttgart, Germany – hometown of Daimler and Porsche

**Every year, f-cell attracts more than 800 business decision makers, networkers and fuel cell experts from over 20 countries and 4 continents. Become a part of the f-cell community this year at September 26/27, 2011:**

### **Symposium**

Obtain first-hand information from internationally renowned experts:

- Focus point: mobile applications / fuel cells and batteries
- Global markets
- Latest information from the science sector
- Early markets, marketing and investment opportunities
- Hydrogen production, storage and infrastructure
- Stationary applications
- Components

### **Trade Fair**

Get into contact with more than 50 exhibiting key players from the sector. The f-cell trade fair is a well-established business platform and an important showcase for companies to introduce their newest fuel cell and hydrogen technologies.

### **Accompanying Events:**

#### **Evening Event, Excursion, Ride&Drive**

Test drive a fuel cell-powered vehicle, visit the top hydrogen/ fuel cell locations in the Stuttgart region, enjoy an evening of networking and fine foods at a selected venue ... f-cell is more than just a conference – f-cell is a fuel cell experience!
